SCHOOLS (DEPT. OF EDUCATION)

Butte County

- CDE's Office of Learning Environments had representatives in Butte County, with school facilities experts to try and assess how to help the impacted districts and schools reopen as quickly and safely as possible. These efforts will continue, and the CDE is in the process of securing an emergency contract to cover services.
- CDE is working closely with school district leaders within the county to reopen schools throughout the county on 12/03/2018.
 - Paradise Middle School and Paradise High School will provide instruction with a hybrid model – both online and in person at a large center - as there is no viable school setting ready.
 - The other approximate 106 school sites are targeted to be ready.
 - (Oroville, CA) — TK-8 Concow students in the Golden Feather Union School District displaced by the Camp Fire will be relocated to Spring Valley School at 2771 Pentz Road, which will reopen 12/3 along with other Butte County schools. The site was closed in 2010 due to declining enrollment, but became the answer for educating district students after the Camp Fire ripped through Concow.
 - Yesterday, CDE's Region 2 Team met with staff from the Boys and Girls Club and others to talk about planned Executive Orders for After School programs as well as fundraising efforts. A follow-up meeting is planned for December to touch base on all issues to keep the momentum moving forward.
- CDE is providing support to Butte County Office of Education (BCOE) to bring mental health and other counseling services to students and school staff for when they return to school. State associations and local educational agencies are providing counseling/trauma recovery services as contributed mutual aid; CDE is seeking sources of financial support to cover logistical expenses including support for transportation, lodging, food, training supplies, etc.
- Paradise Charter School Update
 - Beginning Monday, December 3, HomeTech Charter School and Achieve Charter High School students will attend school at Living Hope Fellowship located at 355 Panama Avenue in Chico. Since space is shared, the schedules for each school and their students will be slightly different:
 - HomeTech Charter School will be open Monday through Friday, 8 a.m. to 4 p.m.
 - Achieve Charter High School will be open Monday through Thursday, 8 a.m. to 4 p.m. On Fridays, the school will be open from 8 a.m. to noon.
 - Monday, December 3, elementary and middle school students attending Achieve Charter School of Paradise K-8 will return to school at Life Church located at 1492 East Avenue in Chico from 7:30 a.m. to 2:30 p.m.
 - Children's Community Charter School and Paradise Charter Middle School will share space starting Monday, December 3 at the CORE Butte Gymnasium located at 2847 Notre Dame Boulevard in Chico. Since this space is shared, the Gymnasium will run on a block schedule, separating elementary and middle school students for part of the week to allow for more individualized attention and high-quality support delivered to students:
 - Mondays and Tuesdays will be open to grades 6 through 8 from 7:30 a.m. to 3 p.m.
 - Wednesdays and Thursdays will be open to grades K through 5 from 7:30 a.m. to 3 p.m.
 - Fridays will be open to all elementary and middle school students from 7:30 a.m. to 1 p.m.
 - School will be closed for the regular holiday break from December 20th through January 4th and will resume on Monday, January 7th, 2019.
 - In an effort to start the rebuilding process as quickly as possible, the Paradise charter school community holds regular meetings with the Butte County Office of Education, Paradise and Chico

Unified School Districts, third party vendors, and charter school champions from across the state to identify new locations for their schools. Living Hope Fellowship and Life Church are long-term interim locations for Achieve Charter Schools and Home Tech. CORE Butte Gymnasium is a temporary location for Paradise Charter Middle School and Children's Community Charter Schools, but partners continue to meet and work around the clock to secure permanent sites for each school.
